

ALIENS TAKEN UNDER OLD GLORY

Ceremony at Chickamauga as
1,200 Fighters Are Made
Citizens.

GEN. WHITAKER SPEAKS

Judge Newman on Hand and
Array of Army Officers Make
Scene Impressive.

Approximately 1,200 friendly and enemy aliens now stationed at Chickamauga park doing some kind of military work were to be officially added to the citizenship of the United States of America at the naturalization exercises Wednesday afternoon at the old R. O. T. C. amphitheater. The men are naturalized and are from all parts of the world, many from the countries at war with the United States, and others from the allied countries and neutrals. In fact, it is understood that practically every country in the world is represented among these 1,200 aliens. In addition to the large number of the aliens from the camps at Chickamauga there are three who came from over from Camp Gordon in Atlanta to be naturalized. Similar ceremonies were held in Atlanta several weeks ago, but these men failed to make application.

Over 200 officers from the Sixth division, the Eleventh cavalry and various other units at the camp are acting as sponsors for the men when they take the oath. Tuesday night he proved to be one of the days in the lives of many of these 1,200 aliens as they stand up and receive the oath of citizenship. This alone stood between them and going to foreign fields to fight for "Old Glory."

In accepting the application of these aliens the men in charge have quizzed them in every way in order to test their loyalty, and besides this each applicant was recommended by officers of their particular unit.

Federal Judge Newman arrived Wednesday morning by automobile from Rome, Ga., with a party of five and was present at the exercises in order that he should examine the candidates according to the law.

The address of the afternoon was being delivered at the News tent by Atty.-Gen. Matt N. Whitaker, chairman of city draft board No. 2. Atty.-Gen. Whitaker stirred the hearts of the new American citizens, telling them what would be expected of them and the loyalty they must put behind the red, the white and the blue. He referred to his own son, Kenneth Whitaker, who is lying in a hospital somewhere in France recovering from the wounds of an explosion of a hand grenade.

On the platform were seated the prominent army officials from the various camps at Chickamauga, including Brig.-Gen. Dashiell, commander of the Eleventh brigade; Col. Lockett, commanding officer at Fort Oglethorpe; Col. Penrose, from the war prison barracks; Col. Munson, commander of Camp Greenleaf; Col. Henry Page, of Camp Greenleaf annex; Col. Smith, of the Fifty-second infantry; Lieut.-Col. Havercamp, Lieut.-Col. Ashford, Lieut.-Col. Bailey, Maj. Shaw, Maj. Bastow, Maj. Kirk, Chaplain Sutherland, Father Deneen, Mayor Jesse M. Littleton, Atty.-Gen. Whitaker and other Chattanoogaans.

For a half hour before the exercises opened Song Leader Aubert Maize led the audience, including the candidates for citizenship, in patriotic songs. These songs were sung with battle spirit and patriotism that only a soldier can put into it.

The applicants were then presented by the officers of their units, including J. Schlotfeldt, Capt. Savage and J. D. Griffith, sent to Oglethorpe from the war department, who gave them their final papers and opened the gates of citizenship. The papers presented to the men are of real bond and can be preserved forever.

The invocation was said by Maj. Sutherland, after which Brig.-Gen. Dashiell was called upon to present something like 400 candidates for the Eleventh brigade. He was followed by

Col. Lockett, who presented those from the Eleventh cavalry and the Seventeenth infantry. Col. Munson presented those from Camp Greenleaf and the annex; Col. Penrose from the war prison barracks, after which Judge Newman conducted the examination and Atty.-Gen. Whitaker addressed the unusually large audience.

A military band was present and furnished music during the afternoon.

Shrapnel Wound.

(International News Service.)
Paris, June 12.—A number of American noncombatants, mostly stretcher-bearers, have been wounded or sustained cases of shell shock in the fighting around Chateau Thierry, on the Marne front. The Rev. John Clifford, aged 65, formerly pastor of the First Protestant church in Georgia, and attached to the marines as a Y. M. C. A. worker, rescued a colonel of marines who was wounded north of Chateau Thierry. Mr. Clifford crawled on his stomach through a shell field through heavy fire, pushing a stretcher just ahead of him. A shell burst near him, rendering him unconscious. A fragment penetrated his back, which saved the minister's life.

CLEAN UP VICE CONDITIONS

Richmond Hotels and Road
Houses Raided.

(Associated Press.)
Richmond, Va., June 12.—Vice conditions in Richmond and vicinity which resulted in a round-up of nearly a score of persons by military police from Camp Lee late last night, were being thoroughly investigated today.

The raid took in two of Richmond's best hotels, in addition to road houses in Chesterfield county. It was conducted by Provost Marshal De Camp from Camp Lee, totally unknown to local authorities, but Mayor Alms and the Richmond police are assisting the military in their investigations today.

The purpose of the raids, which it was announced would be continued until vice is stamped out here, is to prevent the spread of disease among the soldiers quartered at the Camp Lee cantonment, thirty miles from Richmond.

DEFER FEDERAL CONTROL FOR SHORT-LINE ROADS

Date Extended From July 1 to
Jan. 1, 1919—Delay Caused
by Much Detail.

(Associated Press.)
Washington, June 12.—Director General McAdoo requested congress to extend the time within which short line railroads may be taken over by the government to Jan. 1, 1919. The law now fixes the time as July 1, next. A resolution, embodying the request, was proposed by Senator Smith, of South Carolina, chairman of the interstate commerce committee.

John Barton Payne, attorney for the railroad administration, who transmitted the request, said a rate of compensation for short line roads would be agreed upon eventually, but owing to many details to be worked out in connection with taking over the roads it could not be done within the time specified by the railroad control act.

Under the terms of the law, as finally passed, all short line railroads are to be considered as coming within government control unless otherwise specified by July 1.

Washington, June 12.—President Wilson's disapproval today killed a proposal, which had been offered as an amendment to the resolution of Senator Borah, of Idaho, embodying the principle which had been offered as an amendment to the resolution of Senator Underwood of Alabama, for curtailing senate debate during the war.

Most of those favoring the Borah amendment were republicans. Only three democrats voted for it, including Senator Vardaman, of Mississippi.

STATE DEPARTMENT NOT IN RECEIPT COMPLAINT

Washington, June 12.—No complaint from Germany against the lynching of Prager has reached the state department and the Swiss legation it was said nothing had been received on the case. Some time ago the Swiss minister offered to pay Prager's funeral expenses, but the state department eschewed, which was acting for relatives and not for the German government.

The government has no authority to proceed against the lynchers, but the attorney-general interested himself in the case.

ABEL WANTS \$45,000 TO RAISE TEACHERS' SALARIES—CITY \$15,000

Everybody On Hand to Tell County Finance Committee Why They
Need More Funds—War Prices One Reason—Committeemen
Will Consider the Question Carefully.

The finance committee of Hamilton county met Wednesday morning for the purpose of taking up the budgets for the various institutions for the coming year. Commissioner H. D. Huffaker was present and presented the reports for the city schools and Supt. J. W. Abel presented reports for the county schools. In addition to these the officers of the Pine Bluff association, Humane society, Chattanooga Public Library and other institutions were present and presented their reports and the amount it would take to operate during the coming year.

A greater part of the morning was taken up with the school budgets from both the city and the county. In Supt. Abel's budget he asked for a total increase of approximately \$45,000, all of which is to be placed in teachers' salaries. Commissioner H. D. Huffaker asked for an increase of \$15,000, also to be devoted to the salary of the teachers.

Supt. Abel's budget last year for the grammar schools represented a total of \$207,541.04, and for the high schools it was \$55,656.99. This year he is asking for \$252,250 for the grammar schools and \$70,156.99 for the high. He places his teachers' salaries this year for the high schools at \$5,180, while last year it was \$50,680 for these schools. For the grammar school teachers during last year's school term it was \$162,799, and this year he is asking for \$210,000.

Commissioner H. D. Huffaker gave as the total amount for his budget for education for the fiscal year beginning Oct. 1, 1918, \$195,000. Out of this he asked for approximately \$177,000 from the county, with an appropriation of \$18,000 from the city. The budget for the city schools last year was \$180,000. Out of this amount the city gave \$18,000 and the county \$162,000.

In Commissioner Huffaker's report he has listed the employment of a full-time medical inspector and nurse for the city schools, and this will be an addition to the schools next year if carried out.

WESTERN UNION'S DEFIANCE OF WAR BOARD BIDS GOVERNMENT CONTROL

(By Gilson Gardner.)
Washington.—The Western Union Telegraph company's open defiance of the war labor board leads many here to suspect that the Western Union wants to be taken over by the government.

The telegraph concern's refusal to arbitrate on the subject of unionism is a distinct slap at the war board, which has three methods of enforcing its decrees:

1. Public opinion.
2. Withholding of raw materials.
3. Commandeering by the government.

Public opinion is being tried on the Western Union first. President Newcomb Carlton's refusal to reinstate employees discharged because they had joined a union has been made public. Carlton is held up to the world as refusing to arbitrate in a case involving necessary war activities. If he does not feel the pressure of public opinion and yield, he will feel other pressure.

If the Western Union were a steel company the government would withhold steel. If it were a flour mill the government would see that it did not get wheat. Being a common carrier, it is reached so easily by these means.

This brings the next alternative, which is for the government to take over the Western Union and all other telegraph and telephone companies. There is rather good reason to suspect that this is desired by the companies. The flagrant manner in which they have defied the war labor board has from the beginning looked like a preconcerted effort to force commandeering.

Since the railroads were taken over the investing class have been rapid converts to government control of public utilities. The generous manner in which the government has financed such concerns has filled the private owners with envy. The railroads, for instance, have nearly twice the number of millions for betterments this year than they had the year before, and yield, they are to be permitted to raise their freight rates \$1,000,000 a year.

out and will add much to them. A report was submitted to the finance committee from the Erlanger hospital in which the trustees asked for an additional \$5,000 over last year's budget, which was \$20,000. This increase was asked for on account of the entire second floor of the building having been taken by the forty-two women sent to the hospital for venereal treatment by the United States officials.

The report also said the accounts of the hospital are being audited by C. S. Petersen and that the records show that medicines have gone up from 50 per cent. to 200 per cent. The report was signed by C. M. Preston, of the board of trustees.

Mrs. Richard Hardy, president of the Humane society, was present and asked for an increase of \$400 over last year's budget.

A report was submitted by J. J. Mahoney from the Chattanooga Public Library. The report showed that year before last the budget for the library had been \$5,000, but that last year it was reduced to \$4,000. On account of the increased demand for books during the war times the report called for \$5,000 this year.

Frank Spurlock, of the highway commission, reported that last year's budget for running the workhouses was \$50,000, and \$25,545 for the building of bridges. This year, on account of war conditions, he asked for an increase of \$45,000 for the workhouses and \$20,000 for the building of bridges.

A report was heard from the Pine Breeze sanitarium which called for a \$1,000 increase over last year's budget, which was \$9,000.

ATLANTA MAN WOUNDED BY HUN SHELL EXPLOSION

College Ambulance Unit Suffers
in Latest Ruthless Hun
Raid.

(I. N. S. Staff Correspondent.)
Paris, June 12.—The Fordham (college) section is the latest to suffer from ruthless German shelling of ambulances and hospitals.

Charles Dolan, of Mauch Chunk, Pa., was killed north of Compiègne during the evacuation of French wounded. Dolan, Harry Mathis, of Madisonville (a suburb of Cincinnati, O.), and Charles Meyer, of Cleveland, all took shelter in a dugout. A German "heavy" exploded, wrecking the place and killing Dolan outright. Mathis and Meyer were wounded.

(It is understood that Meyer's family is now living in Atlanta, Ga.)

New York's honor policeman, Martin Owen, was in charge of the section. He risked his life by crawling into the dugout and bringing out the wounded boys. He recovered Dolan's body also.

James Gordon, of New York, another member of the unit, was wounded.

The whole section has been cited for bravery and devotion to duty.

Robert E. Ryan, of New York, and John B. Sheehy and John R. Shannon, of Yonkers, N. Y., have both been awarded war crosses for bravery in the Picardy fighting.

BALFOUR TOASTS JAPAN

Sure Nation Will Live Up to
Full Obligations.

(International News Service.)
London, June 12.—Great Britain and Japan have no difference of opinion nor divergence of aims in the great struggle now in progress, declared Foreign Secretary A. J. Balfour today at a luncheon in Harcourt room, in parliament building, in honor of the Japanese mission now in England. Mr. Balfour's remarks were delivered in the course of a toast he was proposing to the Japanese.

"This is the basis of true national confidence and allegiance, which has done so much for peace and the advancement of the world," said Mr. Balfour.

"It will bear rich fruit in the future towards the higher interests of the world in the east."

"I am sure if the exigencies of the conflict required a call upon the allies for new fresh effort, Japan would live up to her full obligations."

GERMANY SAYS U. S. MUST GUARD GERMAN CITIZENS

Complaint Lodged in Washing-

Language Dictatorial.

(Associated Press.)
Amsterdam, June 11.—Germany has lodged a complaint in Washington and asked for safeguards against such excesses as led to the lynching of Robert F. Praeger at Collinsville, Ill., on April 4, according to a Wolff bureau telegram from Germany, quoting Privy Councillor Simons in replying to a question asked by Herr Mueller, of the German legation in Washington. Privy Councillor Simons is quoted as follows:

"The lynching of Praeger is a fact and was committed for no other reason than that Praeger was a German and sympathized with the German cause. The Swiss minister at Washington has lodged a complaint and asked for safeguards against such excesses."

"The United States admits the facts, but says that under the laws of Illinois it cannot interfere. The investigation is proceeding and legal steps are being taken for the future."

"The United States, which is allegedly warring against the Huns in the interest of humanity, bears the main responsibility for the crime."

Want Action Hastened.

"The American government permitted German hatred to be fanned among the American people. We cannot rest satisfied with the statement that the laws of Illinois are inadequate to handle such a situation. The American government must find ways to protect the rights and liberties of Germans in America. The German government has repeatedly made known through the Swiss minister that progress in this matter should be accelerated, whatever the conditions in the United States may be. The United States government must under all circumstances see that such things do not occur again."
